THE RETURN

WOAH! Another BONUS ISSUE?! A whole EIGHT issues later?! EYUP! I got so much stuff from WMSR that I felt the need to write TWO issues about it! Now, I could've gone on-'n-on-'n-on about all the RARE slabs-a-wax I snagged, but you'd just end up HATIN' me. I may make TALL statements on the CHAINGUN ISLAND ZINE, but braggin' ain't fun for ANYONE to read! There was one PARTICULAR get from the station that did seem S-SPECIALLY peculiar, 'n that was a trove-a FIDELIPAC CARTS! These things kinda look like 8-Track tapes, but they're missin' a PINCH ROLLER. Due to this unfortunate fact, these carts have to be played on a proprietary reader that only existed in the radio stations of yore... or NEGATIVLAND! Yup! My favorite cavalcade of media jammers STILL use these jawns extensively! Anywho, I just thought I'd show you all some-a the NEATER carts and their labels 'n takin' a WILD guess as to what it could POSSIBLY sound like! I'd ask Virgil if he had one of these, but he's currently layin' low after vaporizin' an FCC agent durin' the CHAOTIC final episode of my PIRATE RADIO show! Make sure to keep readin'! 'Cuz I also got a FIRSTHAND testimony from my buddy Zach Josue on what it's like at WMSR Redhawk Radio! So you had better do as you are told, ECLECT-oids! You better listen to the RADIO!!!

A WORD FROM ZACH JOSUE

"For the most part, DJ-ing at Redhawk Radio was a positive experience. I ran two shows, one at the start of the week and one at the end, so it was a fun thing to look forward to. Music is very important to me and I enjoy sharing the music I love with others..."

The Attic

A WORD FROM ZACH JOSUE CONTD.

"There are a lot of things that need to be changed, but I think it could be a great organization with the right leadership."
- Zach Josue, WMSR Redhawk Radio

"South Park Request Lines"
I bet South Park was ('n still is) ALL THE RAGE at Miami! I bet this was made for all the folks who requested "Salty Chocolate Balls"!

"The Weekend Hangover #1"
Considerin' how much of a party school Miami is, there's NO DOUBT lots-a folks would have a WEEKEND HANGOVER!

"Sean Connery Station ID"
And to think that WMSR used to be THE MAN NOW, DAWG!!!

"Beanflickers"
...Oh my...

"Cletus/Ketch Intro"
What names! Were they DJs? Characters? Frequent callers? Wherever they are today, with names like Cletus and Ketch, they'd probably be easy to CATCH!

"Weather Cart 1" and "Weather Intro"
Give my regards to the WEATHERMAN!

A WORD FROM ZACH JOSUE

The station is not without its issues, though. The studio was pretty bare bones, there aren't even any turntables, which is important for my all-vinyl show. The leadership also seems to have a lack of care for the organization and is just disorganized in general. This has led to some issues such as:

```
1: a lack of a real
connection between most
members.

2: a station outage that
lasted weeks.

3: a lack of promotion of
the station on campus.
It's supposed to be for
the students, but most
don't even know it
exists."
